

Position Title: Senior Financial Accountant

Position Type

Full-Time

Work Authorization

U.S Citizen or U.S. National, Permanent U.S. Resident

Description

The Senior Financial Accountant primary role is to be responsible for performing cost analyses and preparing budget reports. The candidate should possess excellent analytical skills along with the ability to assemble data from a variety of financial and non-financial sources. Our ideal candidate should also be able to create detailed reports that present cost-effective, value-added solutions for our company.

Specific responsibilities include:

Assist Director of Finance with quarter and year-end financial statements and audit requests and implementation of IFRS 16; Assist CFO and Director of Finance in transfer pricing study and model development; Ensure accurate presentation of quarterly and annual financial statements in compliance with IFRS; Complete annual budgeting process including capital budgeting request; Produce and maintain an activity-based costing model that incorporates direct and indirect costs, is readily understandable by users, and requires minimal manual effort to maintain; Perform variance analysis and reporting; Prepare monthly, quarterly and annual cost forecasts as well as recommend cost-effective solutions; Assist in the completion of month end closing procedures; Support in ad hoc reporting, analysis, and projects for management
